
OC Ronald McDonald House Baking Projects

Do you like to bake cookies, decorate cakes, or make gingerbread houses?

If so, baking at the Orange County Ronald McDonald House may be the perfect project for your family or community group. Baked goodies are always popular with our families for a quick snack on their way to the hospital, and putting in your time here at the house is a great way for families to have fresh-baked snacks on the go.

We have, here at the OC Ronald McDonald House:

- A full kitchen with two convection ovens, three stoves, cookie sheets and utensils.
- Milk and eggs are delivered every week, but check with us to see how well we're stocked

Your group provides baking mixes and other ingredients, and may bring special cookie cutters or other special items for your project. Please limit group size to 10, including chaperones.

Thank you for sharing your kindness with the families at the Ronald McDonald House.

Call to get on the calendar! (714) 639-3600
